

BTWI Internet Service Worksheet for FPS2018

This worksheet is designed to help exhibitors determine their internet service needs at the Farm Progress Show. Please fill out the following information and email the worksheet to **fps@btwi.net**, and we'd be happy to assist you. It would also be helpful if you could supply a sketch of the layout of your booth/lot. As a reminder, we've been told that internet service thru cellular hotspots usually work fine in the days leading up to the show, however once the 150,000 show attendees arrive, cellular-type internet service is greatly diminished. Avoid any issues with your internet service by signing up with BTWI Wireless Internet.

Average Number of Users (per day):

Management: _____

Other staff: _____

Clients / VIP's: _____

Total Number of Users (per day):

Number of Connecting Devices (per day):

	<u>Qty</u>	<u>Wired or Wireless</u>	<u>Primary Use</u>
<u>Device Types:</u> <u>Laptops:</u>	_____	_____	_____
<u>Cell Phones:</u>	_____	_____	_____
<u>Tablets:</u>	_____	_____	_____
<u>Kiosks:</u>	_____	_____	_____
<u>CC Machines:</u>	_____	_____	_____

Total Connecting Devices (per day):

FPS Booth/Lot Number(s):

Overall size of booth space: ft X ft (used to determine the number of Connections that may be required and the number of Access Points that may be required)

Any additional services that may be needed? (i.e. more than one booth/lot, extra cabling, symmetrical service etc.)

We also offer network prioritization for the devices in your booth. There is a nominal additional cost. If this interests you, please indicate here: Yes _____ No _____

Company Name: _____

Contact Name: _____

Phone Number: _____
